## Essential Oils

Essential oils are organic compounds extracted from plants with tremendous healing properties. Using essential oils for healing purposes is often called aromatherapy which is a holistic treatment seeking to improve physical, mental and emotional health.

For over 5,000 years, many different cultures have used these healing plant oils

- Fight cold and flu symptoms
- Relax your body and soothe sore muscles
- Heal skin conditions
- Alleviate pain
- Balance hormones
- Improve digestion
- Reduce cellulite and wrinkles
- Clean your home
- Used in homemade personal care products

## Bath Salt

Bathing Salt are made with Himalayan Rock Salt, Epsom Salt and Dead Sea salt and along with them for best results we blend pure Essential Oils so that it's absorbed through the tiny pores of your skin and give you the best results.
